Subject: Consciously Aware

Rupert,

I apologize for the tone of this email. I am tired of trying to explain myself.

"The Emergence of the Universe is the Precipitation of Chaos through the Evaporation of Control." ~3K

In the blow linked video, Ian and you clearly state that people are in denial.

[Dr Iain McGilchrist - The Intersection of Consciousness and Matter - Beyond the Brain 2023](#)

Because of this erroneous assumption, I stopped watching at 27 minutes.

You make a quantum leap in thinking those people are capable to be aware of what you claim to be so obvious.

If I were to tell you that I have delivered a message from God, would you BLeave me?

Or will you be one of those people that is in denial?

Are you aware that I had a death experience in which I talked with Father?

<http://lynchphoto.com/death>

Are you aware that in an effort to explain my death experience, I have created of 5 terabytes of abstract artwork.

<http://lynchphoto.com/kant>

Are you aware that I have derived an equation from the artwork that uses the logic of Lynch, the energy of Einstein, the force of Newton, and the sayings of Socrates that describes an instant of time as infinite. I call my equation, the KnoWell.

The equation is drawn on the letters I A M.

How do I Know Well that there is not a Christian God?

Why should the Pope respond?

My email to Monsignor Henry Gracz reminds him of our conversations. I directly ask for a meeting with the Pope.

<http://lynchphoto.com/monsignor>

I reached out to the current Archbishop of Atlanta. I directly ask for a meeting with the Pope.

<http://lynchphoto.com/archbishop>

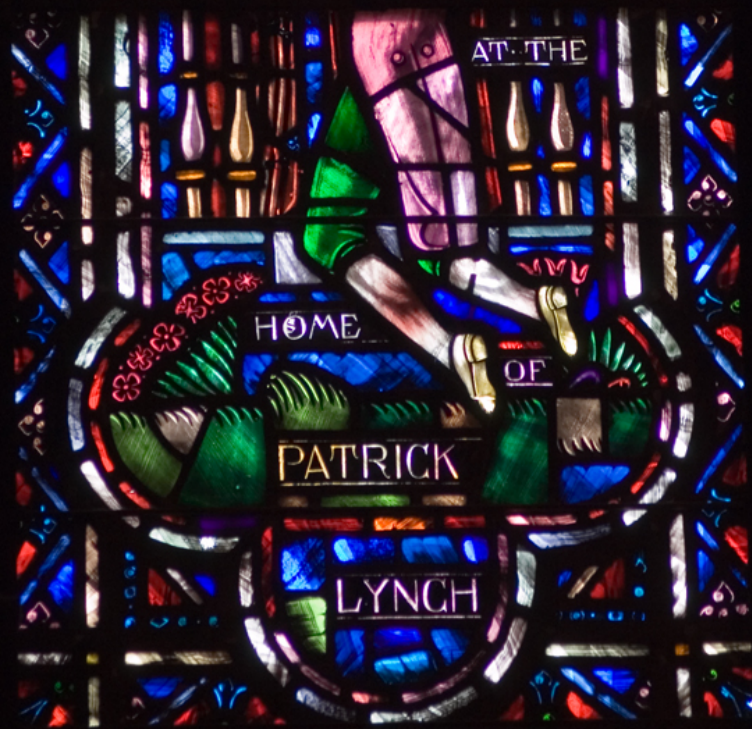

I reached out to a Cardinal making my position clear that the Pope should watch me draw him a KnoWell. I directly ask for a meeting with the Pope.

Earlier this year, I put the Catholic church on notice. The oldest church in Atlanta Ga. the Immaculate Conception Shrine rests of stones quarried and placed by my family.

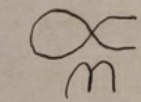

There is a stand glass window in the Cathedral of Saint Phillip that commemorates the first catholic mass in Atlanta Ga.

If all the above is not mysterious enough, the KnoWell equation can be used to express the 27 dimensions of Bosonic strings. Without folding a singular infinity.

Bosonic Strings

P^F i P

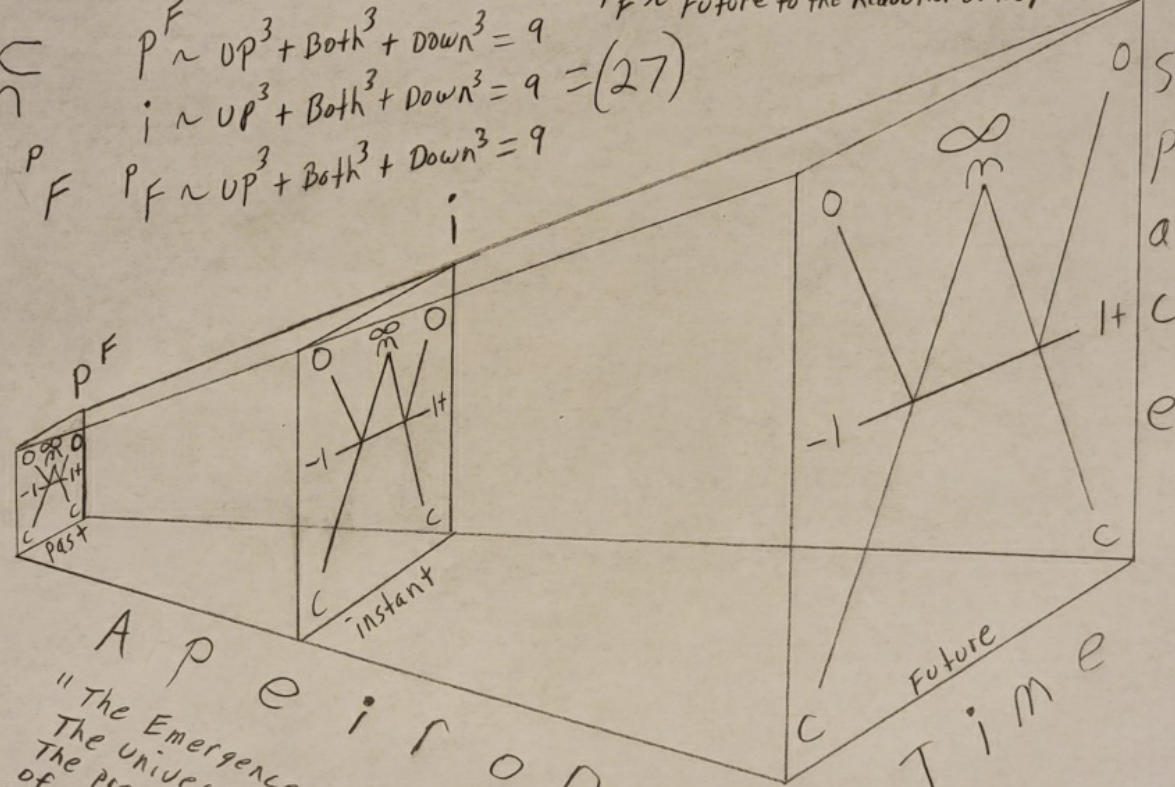

$$P^F \sim UP^3 + Both^3 + Down^3 = 9$$

$$i \sim UP^3 + Both^3 + Down^3 = 9 = (27)$$

$$P^F \sim UP^3 + Both^3 + Down^3 = 9$$

P^F ~ past to the power of the Future
 i ~ The instant
 P^F ~ Future to the Reduction of the past

If the KnoWell is not a message from God on the name of God using Lynch, Einstein, Newton, and Socrates is not enough to convince you of my validity, then below is a listing of 50 concepts that can be expressed by the structure of the KnoWell.

After teaching the KnoWellian Universe Theory to Bing ChatGPT, the Ai large language model using the KnoWellian axiom of Mathematics that contains a singular infinity, " $-c > \infty < c+$ ", along with the KnoWell equation rejected the following concept from a list of over 40 scientific concepts that I had previously drawn correlations.

"Linguistic categories limit ~ determine cognitive categories"

Descartes'~Dualistic Thinking

Bing ChatGPT using the KnoWellian axiom of Mathematics that contains a singular infinity, " $-c > \infty < c+$ ", along with the KnoWell equation determined that the KnoWellian Universe Theory can be used to express the following concept.

Patriz's~Panpsychism

Bing ChatGPT using the KnoWellian axiom of Mathematics that contains a singular infinity, " $-c > \infty < c+$ ", along with the KnoWell equation intuited the following concept.

Letters that I have written to those who might listen.

What I have created can never be reproduced again. My anthology describes just how unique I A M.

Sadly, the world is terminally not AWARE.

Best regards,
David Noel Lynch

P.S.

When I realized that the KnoWell redefines the very concept of Time, I figured if Nostradamus could actually see through time and if the KnoWell redefines time, then Nostradamus must have seen me.

Nostradamus Century VII Quatrain 38 mentions Nolle which is KnoWell minus the K and W that I use as my artist signature. ~3K
